In addition to the guidelines listed below, you are responsible for reviewing and following the general guidelines for minors: [http://www.catalog.gatech.edu/academics/minorguide.php](http://www.catalog.gatech.edu/academics/minorguide.php)

The multi-disciplinary Sports, Society and Technology minor must comprise at least 15 semester hours, of which at least 9 semester hours are upper-division coursework (numbered 3000 or above).

A multidisciplinary minor may contain courses in a student’s major field of study. A maximum of 6 semester hours of such courses may be used to satisfy the course requirements for the minor, provided these courses are not also used to satisfy any course requirement in the student’s major degree program.

Select 5 courses for a total of 15 hours; at least 9 hours must be at the 3000 level or above.

- HTS 2015 History of Sports in America
- HTS 3022 Gender and Sports
- HTS 3073 Sociology of Sports
- HTS 3075 Foundations of Sports Studies
- HTS 3089 Science, Technology and Sports
- APPH 2500 Introduction to Sport Science
- INTA 3242 Soccer and Global Politics
- ECON 4813: Economics of Sports*
- MGT 4803: Legal Issues in Sports Management**
- ARCH 4803 Stadium Design and Technology

* Required prerequisite for ECON 4813 is ECON 2106 Principles of Micro Economics
** Required prerequisite for MGT 4803 is MGT 2106 - Legal Aspects of Business, with a grade of C or higher

In addition to the courses listed here, there are other courses offered less regularly—for example, Special Topics and Undergraduate Research classes—that may count toward the minor. The SST adviser should be consulted for guidance. Three hours taken outside of SST courses may be counted toward the minor, with the approval of the SST minor advisor.

A maximum of 6 semester hours of Special Topics courses may be included in a minor program or the student may complete 3 semester hours of Special Topics and 3 semester hours of either Special Problems or Undergraduate Research. Students may not use 6 semester hours of either Special Problems or Undergraduate Research for a minor.

A maximum of 3 semester hours of transfer credit may be used to satisfy the course requirements for a minor. This includes courses taken at another institution or credit earned through the AP or IB program, assuming the scores meet Georgia Tech minimum standards.

All courses counting toward the minor must be taken on a letter-grade basis and must be completed with a grade of C (2.00) or better.

It is the major advisor’s responsibility to verify that students are using only courses from the designated block(s) from the student’s major field of study that are allowed to satisfy a minor program, that they are not using any Core Area A-E courses (including humanities and social sciences), and that they are not using any courses for more than one minor or certificate. Any free elective course used to satisfy the course requirements of the student’s major degree program may also be used to satisfy the course requirements for a minor.

List the courses completed for the requested minor:
