

Description: This petition should be submitted only if the Registrar's Office has already notified you that you have been classified as a non-resident for tuition purposes and you have good reasons to believe that further information could alter that decision.

Important: You must demonstrate that you, your parent, your spouse or your U.S. court-appointed guardian (if you are a minor) is a legal resident of Georgia for tuition purpose. You may establish this claim by providing documentation to support the definition established by the Board of Regents. Please note that establishing residency for tuition purposes as defined by the Board of Regents is different than residency for purposes of such things as voting, having a GA license/tag, etc., and requires more than establishing eligibility to vote, securing a driver's license, paying taxes, and/or receiving federal student aid.

Who has the best claim to residency for tuition purposes?

You, your parent, your spouse or your U.S. court-appointed guardian should meet all the following criteria:

- The person has always resided in Georgia or can demonstrate they currently reside in Georgia and residency in any other state or country has been abandoned. Maintenance of ties with another state or country will contribute to a non-resident classification and include such things as: financial support from a person who is a resident of another state or country, payment of income taxes to another state, registering a vehicle or securing a driver's license in another state or country.
- The person has lived in Georgia for the 12 consecutive months immediately proceeding the start date for the term and their 12-month durational requirement has not included time attending any educational institution in Georgia on a full-time basis.
- The person can demonstrate they moved to Georgia for purposes other than attending any educational institution in the State of Georgia.
- The person can demonstrate economic self-sufficiency and has contributed to the State by paying meaningful taxes.
- The person is a U.S. citizen, Resident Alien or is in a visa status permitting indefinite or permanent residence in the United States.
